

# DDI and Metadata from the Researcher's Perspective

Wendy Thomas

Chris Brown

Ron Nakao

# Questions

- How do you get DDI use into the academic research environment?
  - Who are potential users?
  - What do they need?
  - How can DDI support them?

# What's going to happen here?

- Brief presentations by Chris Brown and Ron Nakao
- Open discussion
  - Identify the issue areas
  - Who are we targeting?
  - What are their needs?
  - How can those needs be met?
- Notes will be taken during the discussion
- These will be written up for the NADDI site and relayed to the DDI Alliance
