Resolution in
regard to name
on Law Bldg.

The following resolution relative to request of Law Alumni Association in regard to placing name of Green Hall on law building was adopted:

In reply the Board would state that it believes that a finer way to perpetuate the name and memory of Dean Green will be to let the gratitude of the students of the school of law and of the State of Kansas settle into the traditions of the School, where it will be more nearly immortal than if it is merely carved in perishable stone; and further the Board believes that in this way the names of others to whose loyal services the University is obviously indebted, will have to be preserved and only thus may a just and accurate estimate of these services be transmitted to posterity.
