New Honor Awarded to Naismith

Dr. A. J. Reilly, of Kansas City, a member of the Committee of Thirteen directing American basketball competition in the Berlin Olympics, brings back word that Dr. James Naismith, professor of physical education at the University, and the widely-known inventor of the game of basketball, has been made an honorary member of the committee. For many years Dr. Naismith has been "honorary chairman for life" of the national basketball rules committee.
