

13th Annual Symposium
GIS Day @ KU
Wednesday, November 19th, 2014

GIS Day @ KU is part of a nationwide event to promote awareness of geographic information systems (GIS), and how we use this evolving tool to analyze our world. We continue our tradition of bringing together a community of GIS users from academia, business and government. The 2014 symposium also includes an information and job fair with vendors from academia and local business that will run throughout the day. As always, GIS Day @ KU is **FREE** and open to the public. For more information and **ONLINE REGISTRATION** please visit gis.ku.edu

Alderson Auditorium, 4th floor Kansas Union

- 8:30-9:00** Registration and Coffee
- 9:00-9:20** **Opening Remarks**
