Preface

The late Dr. Tsuen-Hsui Tsien (University of Chicago) regularly conducted surveys for “Far Eastern Materials in American Libraries” and “Present status of East Asian Collections in America” from the 1960s through 1970s which included volume holdings, acquisitions of volumes added, budget (materials and salaries), and library personnel directories in the *Committee on East Asian Libraries Newsletter*, the *Journal of East Asian Libraries* (JEAL), and other publications by the Association of Asian Studies, the Association of Research Libraries, and the University of Chicago Press.

In 1988, the Council of East Asian Libraries (CEAL) Task Force for Annual Review and Survey of Library Resources, chaired by Min-Chih Chou (Cornell University), started publishing these statistics annually. The CEAL statistics have been collected and published since the 1989 February issue of JEAL with data from 1987/88. In 1998, the CEAL Statistics Task Force (1996-99, Chaired by Hsi-chu Bolick) announced that new survey forms will follow categories used by the ARL Statistics and would replace previous survey forms beginning in the 1998-99 survey.

The CEAL Statistics Database, a database dedicated to CEAL statistics data collection, was created in 2000 using the new survey forms and began online data collection and data dissemination in 2001. The CEAL Statistics Committee has since added E-Resource Form (2001-), Electronic Book Form (2008-), extended the Other Materials Form to include online formats (2017-), and created the E-Resource Database by Subscription Lists of East Asian Studies with content count (2017-). Between 2006 and 2007, the Committee input retrospective data prior to 1999, including Dr. Tsien’s survey and previous annual publications and surveys by CEAL task forces. The CEAL Statistics Database includes data collected from North American East Asian libraries and museum collections published from 1957 to the present. This database of East Asian libraries and museum collections includes physical volume holdings, volumes added, serials titles, other materials, electronic resources, fiscal support, staffing, and user services information

Statistical data from the survey period, July 1, 2020, through June 30, 2021, was impacted by COVID-19 which brought unprecedented changes to all library operations including collection, staffing, expenditure/budget, access and service activities. In addition to the pandemic, other factors that affect participation in the survey include changes in integrated library systems, personnel issues, and organizational changes, compounded by lack of staff support and international shipment delays.

This report is the 2020/2021 statistics data of 41 libraries. Among them, there are 3 Canadian university libraries and 38 US research institutions, including the Library of Congress. Of these university institutions, 20 are public and 17 are private university libraries. Total printed monographs acquisition was 246,106 volumes, a 36.8% decrease compared to 2017 but a 26% growth from 2020 (missing one major holding participation). The physical volumes addition was 400,261 which included non-acquired materials and bound serial volumes. Purchased eBook volume in 2021 was 6,124,909 which made the total CEAL eBook holdings 20,155,882 volumes. E-book accessed by subscription totaled 87,691,465. The total collection holdings with purchased eBooks was 42,181,200, a 20% increase from 35,002,304 in 2020. Personnel support total was 302.74 FTE (46%

professional, 36.6% supporting staff, 10.9% student, and 6% others.), a decrease of 23% from 393.35 FTE in 2020 and a 30% decrease from 2017. Four libraries outsourced their acquisitions and 10 libraries outsourced processing.

Note that every year the number of participating libraries varies and some did not complete all survey forms. The CEAL grand total may show irregular growth curves due to the number of participants. Based on the libraries that have participated since 2017, the CEAL grand total collection size is 45,023,032 in 2021, a 15.6% growth from 2020, and 46% growth since 2017. Total volume holdings (without eBook) is 22,537,172, a 1.72% increase from 22,156,225 in 2020, and 7.36% increase compared to 2017. Personnel support with interpolated total would be 391.11 FTE which is a 15.63% decrease from 463.55 FTE in 2020. This data can be obtained from the CEAL Statistics Database at <https://ceal.lib.ku.edu>.

As inflation and international shipments continue to affect collections and services through 2021. Data collection in 2021-2022 will continue to record the impact of the pandemic and display whether library operations and collections will recover to pre-2020 normality. More eBooks were purchased and reported during this survey year and over 100 East Asian studies databases were offered temporary access by database providers during 2020 with some extended access in early 2021. It may be inevitable that libraries will acquire more electronic resources than physical materials in the near future.

This CEAL statistics report is the last one from Vickie, chair of CEAL Statistics Committee since 1999. Her service to the CEAL Statistics community comes to an end. We encourage all CEAL libraries to participate in data collection to document the continuing development of East Asian studies in North America.

Vickie Fu Doll (University of Kansas)

Wen-ling Liu (Indiana University)

Colorado, Boulder (2021 Unprocessed Backlog Materials Form): no data

Columbia, Starr East Asian (2021 Unprocessed Backlog Materials Form): Backlog does not include continuing resources, e-resources, and archival materials. Japanese backlog does not include material not yet reviewed by the selector.

North Carolina-Chapel Hill (2021 Unprocessed Backlog Materials Form): We do have some unprocessed backlog materials for 2020-2021 but we couldn't get the exact numbers, because employees were working from home due to pandemic. Therefore, we didn't count the backlog number for this year.

Southern California (2021 Unprocessed Backlog Materials Form): Prepopulated from 2020 survey.

British Columbia (2021 Fiscal Support Form): Our fiscal year is from April 2020-March 2021.
 California, Berkeley (2021 Fiscal Support Form): Note: The total includes 667,626 in appropriations and \$142,502 in e-resources expenditures.
 California, San Diego (2021 Fiscal Support Form): Due to the COVID campus closure and other major projects, the campus Enterprise System Renewal (ESR) and Systemwide IS Project (SIS), FY19/20 CEAL statistics has been decided to be scaled down to obtain only CK funds.
 The result was based on the FY2021 Expenditures, not by appropriations.
 Columbia, Starr East Asian (2021 Fiscal Support Form): 1) includes budget for Chinese business & economics materials located in the Social Sciences library; 5853.2 Korean contract cataloging; \$10012. 3) Binding and supplies added to Non-CK budget; \$0.
 Emory University (2021 Fiscal Support Form): Figures for Chinese serials and electronic resources include funds shared across Chinese, Japanese, and Korean areas.
 North Carolina-Chapel Hill (2021 Fiscal Support Form): *The appropriation is for CK combined. The Monographic appropriation is \$21,383, but the actual spending is \$1,210.2. The library stops acquisition activities due to campus closure for the pandemic.
 Pennsylvania (2021 Fiscal Support Form): Penn budgets do not divide into categories of monographs, serials, and electronic. I have placed each area budget on the "other" line.
 Pittsburgh (2021 Fiscal Support Form): Gift funds included in grants category. Database expenditures included in Electronic Resources.
 Princeton (2021 Fiscal Support Form): Includes EAL funds; outside electronic funds; and CK art, but not CK rare books.
 Southern California (2021 Fiscal Support Form): Chinese appropriation derived from vendor reports from Alma and includes both monographic and serial purchases. Japanese and Korean appropriation figures derived from language-based Alma reports. Japanese and Korean e-resources not reported due to lack of accurate reporting.
 Toronto (2021 Fiscal Support Form): Several funds are not included due to Alma (LSP transition).

Brigham Young (2021 Public Services Form): Circulation statistics cover the period from 1 Sept. 2020 through 31 Aug. 2021.

British Columbia (2021 Public Services Form): Inter-Library Loan-Borrowing stats unavailable.

Colorado, Boulder (2021 Public Services Form): not all data is available

Columbia, Starr East Asian (2021 Public Services Form): Due to the pandemic situation, Columbia University Libraries staff were unable to compile ILL statistics for 2021.

Hawaii (2021 Public Services Form): Lending: East Asia materials at Sinclair have been inaccessible due to the moves/boxing up (this will continue until the items are on the Hamilton shelves) Due to COVID, we were not lending physical loans between July and mid-August of 2020 (restarted with Fall 2021 semester). Borrowing: Due to COVID, many lending libraries were closed to providing materials from their physical collections throughout the summer and fall of 2020, while slowly easing up in early

Northwestern (2021 Public Services Form): Unable to parse ILL data based on subject.

Pittsburgh (2021 Public Services Form): ILL numbers include Gateway ILL only. Borrowing requests include requests on behalf of Pitt users and other US institutions.

Princeton (2021 Public Services Form): Because of pandemic, most ILL activity diverted to main library, cannot be calculated

Southern California (2021 Public Services Form): Circulation and ILL data not available for FY21.

Texas, Austin (2021 Public Services Form): Our East Asia librarian retired at the end of 2020, hence no public services statistics. ILL no longer collects information about loans by language.

Toronto (2021 Public Services Form): Library closure due to COVID.

Virginia (2021 Public Services Form): We don't count day to day reference transactions. The number reflects the data recorded on LibInsight.

32 Total Records																																							

California, San Diego (2021 Electronic Books Form): Large number increase from one time purchase of CDM4 subsets of total 1,628,806 and Wen shi zhi liao 20,000 volumes

Kansas (2021 Electronic Books Form): #04 Added non-CJK language eBook counts including previous years which we didn't enter prior to 2021.

Pennsylvania (2021 Electronic Books Form): For our current holdings, we are not able to distinguish between purchased and non-purchased titles, or between subscription and non-subscription ebook titles. For fields 33 and 41, these are identical numbers (Grand Total Expenditures in Electronic Form; does not separate out ebook costs).

Princeton (2021 Electronic Books Form): No differentiation can be made between titles and volumes

Washington (2021 Electronic Books Form): ebook expenditure for Japan: \$1602 (Japan subject ebooks in English) for 14 titles/volumes, \$2225 (Japan subject ebooks in Japanese) for 82 titles/volumes.
