KU researcher on 'Rock Center' tonight

Paul Atchley, professor and chair of undergraduate studies in the Department of Psychology, will appear in a news segment on "Rock Center with Brian Williams" at 9 tonight on NBC to discuss the dangers of texting while driving.

Past research

Gerontology research featured

KU research on communication and aging is the basis of several guidelines in a new manual developed by the Gerontological Society of America for health care providers who frequently interact with older patients.
