

## Environmental expertise on the map

Using cartography as a tool, a University of Kansas geography professor is set to help blend local, indigenous knowledge and outside, scientific understanding of environmental adaptation into a visual entity clear to both groups. Margaret Pearce's work is based on recent research conducted in Tanzania.

### Inequality in education

A pair of KU professors has authored an article arguing that even if a right to education were guaranteed in the Constitution, it wouldn't be enough to end the ongoing struggles for educational equality in America.
