

Swimming safety for children with autism

Through an Autism Speaks grant, KU's Department of Occupational Therapy Education has developed a program that teaches children with autism how to swim. By combining established therapeutic practices with American Red Cross swimming guidelines, instructors are able to impart specialized instruction to children who are at a greater risk of drowning.

TODAY'S HEADLINES

Research on Affordable Care Act

Jean Hall, director of KU's Institute for Health and Disability Policy Studies, has written a brief that the Pre-Existing Condition Insurance Plan, the high-risk pool established by the Affordable Care Act, is working as a bridge program.
