

This supplement contains the **Treatment Schedules** for all intensities (12, 24, 36, and 48) used in the interactive book reading treatment. Intensity is the combination of dose (number of exposures during a book reading session) and dose frequency (number of times a book is read throughout the course of treatment). The treatment schedules show the dose frequency (i.e., which books are read during each treatment session). Note that the dose is shown in the treatment and naming scripts supplement. For each intensity, a version A and a version B is shown. The difference across versions relates to which 5 books serve as treated books and which 5 books serve as untreated (i.e., control) books. Children were randomly assigned to a version. The asterisk indicates the administration of the Naming Task after the reading of a given book.

INTENSITY 12: DOSE 3 (2 SESSIONS PER WEEK FOR 5 WEEKS)

VERSION A

Treatment	Control
Book 1: Imogene’s Antlers	Book 1: Caterpillar that Roared
Book 2: Otis	Book 2: What do you do with a Kangaroo?
Book 3: Shy Charles	Book 3: Bear Under the Stairs
Book 4: Harry and the Terrible Whatzit	Book 4: Book! Book! Book!
Book 5: Possum and the Peeper	Book 5: Swimmy

SESSION SCHEDULE
