Voice Number: 303-724-2110
Fax Number: 000-000-0000
Project Date: 19-AUG-2015 - 30-APR-2016
Extended Project End Date (if applicable):
Date Submitted: 20-OCT-2015
Special Funding Initiative: Yes
Executive Summary

For this quarter, I did not do any programming or purchasing of supplies for the grant. I have talked to various educators that I can collaborate with on possible programs.

Description of Progress Toward the Project's Major Objectives

I have spoken with the preschool teacher at Red Feather Lakes Elementary about the possibility of doing another after school program at the school and ways to incorporate classes on health and using funds from the grant. I also spoke to our local environmental educator about possible programs.

Barriers: The main issue right now is coordinating with the local school and environmental educator to make the most of the grant.

Evaluation Activities

We will evaluate once a program has been executed.

Other

Nothing to add at this time.
