Quarterly Report
June 03, 2004

Project Code: mcrquarterreport-2004-06-03-145156.html

Name of reporting institution:
Ft Lewis College

First and last name of person submitting report: Myoung Fry
Internet email address: fry2_m@fortlewis.edu
Telephone number: (970) 382-1347

Reporting Period start date (e.g., mm-dd-yyyy): 03-01-2004
Reporting Period end date (e.g., mm-dd-yyyy): 06-01-2004

Publicity: List publicity and promotional activities conducted during the reporting period, if there were any. (Send any examples of non-electronic promotional materials to the NN/LM MCR by mail or send an email attachment to reports@rml4.utah.edu. Give URLs, send a disk for electronic materials created.)
Continue to send brochures to other organizations such Ignacio Southern Ute Health Clinic and Durango Public Library, Fort Lewis College Southwest Center, and SouthWest Regional Library System.
Updated Consumer Health Webpage.

Outreach Sessions: List any demonstrations, trainings, or exhibits that took place during the reporting period. Include date, participating organization(s), city and state, number of attendees, and type of intervention (e.g., PubMed class, basic Internet class, etc.).
Trained librarians from Southwest Regional Library System and Fort Lewis College Library.

Contacted Cortez Public Library and Towac Clinic to discuss future possibility of presentation.

Other accomplishments: List any additional activities, resources, services, and administrative arrangements or collaborations that occurred during this reporting period.
Checked out equipment and recommended to purchase for project.

Target audience: Are there any insights you have gained about your target population during this reporting period? Have their needs changed since your initial assessment? Is the group different from your original anticipated audience?
None

Goals, Outcomes, Objectives: Discuss problems, successes, surprises, and/or insights of this quarter. Based on these experiences and your progress to date, have you rethought or in any way modified your objectives for the project? Are the needs of the audience those you anticipated, and are the outcomes you expected still feasible?
• Health information training will be announced in the SWRLSS usual training schedule throughout the award period in order to reach the widest possible audience. Ms. Fry will...
give a training session when possible to a group of public librarians
• FLC has a Navajo speaking librarian who will be present at preliminary meetings and on call for consultation with Ms. Fry.
• Ms. Fry will contact the Towaoc Library on the Ute Mountain Ute reservation and the Ignacio Health Clinic on the Southern Ute reservation to offer training for their personnel.
• Continue to update Native American resources on the web site.
• FLC will offer training to FLC students and the general public on consumer health databases. Students often are a successful conduit for getting information to Native American families and thus are key recipients of consumer health training.
• The project leaders from the three organizations will meet to discuss the progress this outreach collaboration.
• Statistics from outreach sessions and the website will continue to be gathered and evaluated.

Evaluation: List any specific evaluation activities that occurred during the reporting period. Activities might include surveys, focus groups, pre- and post-tests, interviews, log of activities, or other steps to monitor progress.
Not much accomplished this quarter. I planned to resume my outreach starting June 2004. I will be visiting various organizations and try to have a few presentations at the Fort Lewis College Library.
Impacts and Observations: If there are anecdotes that illustrate the impact that the project is having, provide the narrative here; include any indicators of success.

Observations: Share observations, lessons learned, and any other feedback you think would be helpful.
None

Planned Activities: Provide a brief outline of activities (training, exhibits, web development, meetings, evaluation etc.) that are scheduled for the next quarter.
• DPL will set up at least one “finding health information on the Internet” class for Native Americans.

• Evaluation of the outreach activities first year will be done. Results may alter and will inform plans and programs for the second year of the award.
