

Park City Library  
Spanish Language Materials  
Mini Award

Statement of Work

The intention of this project is to present classes on finding Spanish language medical materials on the Internet, to exhibit at two health fairs and to develop a brochure noting Spanish language print and Internet resources available.

This award is a one-year project. Park City Library will work with Summit County Health Clinic, the People's Health Center, a non-profit health van, and will create a professional display including brochures to be used at area health fairs. This project will serve to increase community awareness of consumer health information in Spanish available on the web and from the Park City Library.

October 1<sup>st</sup> - December 1<sup>st</sup> 2002

- Prepare display to accompany materials.
- Participate in Peace House Health Fair when scheduled.
- Purchase Spanish language items for promotion to Hispanic groups
- Develop and print brochure indicating Spanish language health sites on the Internet and advertising Spanish language consumer health books at the Library.
- Begin to promote brochure and Park City collection via ESL classes at the Library, local newspaper, PSAs on the radio.
- Conduct training sessions on PubMed and consumer health information resources for public health professionals at the Summit County Health Clinic and the People's Health Center.
- Continue to build partnerships with the public health departments and the county health van.

December 1<sup>st</sup> - September 30<sup>th</sup> 2003

- Teach at least two public classes to Spanish speaking individuals and two classes for clinic personnel on the health resources available at the Library and on the Internet
- Conduct training sessions on PubMed and consumer health information resources for public health professionals at the Summit County Health Clinic and the People's Health Center.
- Continue to build partnerships with the public health departments and the county health van.
- Distribute brochures and promote Spanish language health resources during Internet searching workshops held at the Library.
- Participate in Summit County Health Fair in August, 2003

During the entire project period:

**Evaluation**

Collect statistics on use of the collection, questions answered by librarians and attendance at

classes to determine the impact of this award on the awareness and consumption of health information by the target population

**Deliverables:**

Quarterly and Final Reports

Copies of all brochures developed

Photos when possible of exhibits and classes conducted

Text of any PSAs, newspaper articles or other community announcements made to advertise the services and activities of this project
