

NN/LM Interim/Quarterly Project Report

Report ID: 1269

Award Type: Subcontractor ≥ \$20,001 Project

Region: MIDCONTINENTAL

Contract Number: HHS-N-276-2011-00006-C

Project Title: **Visualizing the Human Body to Empower Better Health Choices**

Name of Organization: Granite School District

Mailing Address: Olympus Jr. High School
2217 E. Murray Holladay Road

City: Holladay

State: UT

Zip Code: 84117 - 0000

Name of the Person Submitting Report: Dana Abbey

Email: dana.abbey@ucdenver.edu

Voice Number: 303-724-2110

Fax Number: 303-724-2166

Reporting Period Covered: **01-FEB-2015 - 01-APR-2015**

Project Date: 07-OCT-2014 - 30-APR-2015

Extended Project End Date (if applicable):

Date Submitted: 17-MAR-2015

Special Funding Initiative: Yes

Executive Summary

We did not encounter any barriers this quarter. Scheduling a public librarian for our culminating project and training may run into some issues. Because, summer remodeling in the Salt Lake County Library System moves some of the librarians around. So, we may have to use a different librarian. However, the extra librarians at the other branches may make it easier.

Description of Progress Toward the Project's Major Objectives

We have started using the models with students to help them understand the curriculum throughout the quarter. In addition we have used the materials and the Pioneer databases (including Medline) to research jobs related to health care. The public library provided the Medline training materials. We will have a culminating project at the end of April or beginning of May with the Medline Database where they research a disease and use the models to help teach the class about that disease.
